

GRADE SIX...WEEKLY OVERVIEW

June 5 - 9, 2017

Week 38

"If you don't like something, change it. If you can't change it, change your attitude."

— Maya Angelou

SCIENCE: How did those fish expire? We'll finish up looking at chlorine effects and move on to acid rain possibilities. There will be several short written assignments and Einsteins may be collected!

LANGUAGE ARTS: This week you'll begin writing a detailed reflection about your sixth grade year. These reflections will need to be put in **your homeroom teacher's hand-in folder** before the end of the class on Friday. We'll also be writing letters in response to questions from your soon to be seventh grade teachers!

READING: Be sure to bring your June reading book to LA with you each day this week. You'll want to be sure to use independent reading blocks to finish your book and meet the June 15th deadline. Your book summary grades will be given to you by the end of the week.

MATH: You will get back your Understanding Expressions and Equations test today. We will be spending some time this week learning more about how to manipulate expressions and equations as we also prepare and review for the final exam, which will take place Tuesday and Wednesday of the last week of school. You will have an opportunity to take a practice final exam and you will be given lots of resources for practicing and preparing. For homework you will have quiz corrections **due Wednesday**, a skill sheet **due Thursday**, and you may need to finish part of your practice final exam at home depending on how well you use your class time.

SOCIAL STUDIES: This week you will be collaborating on a final design for your water filtration device. Once your designs are set and approved you are going to be responsible for getting supplies to build your filtration device. Expect construction and initial testing of your device to be taking place during the second half of the week.

ESPAÑOL: **CADA GALLO CANTA EN SU MULADOR.** (Each rooster sings on his own dung heap.)

Clase #1: 6th Grade Spanish Post Assessment (vocabulary)

Clase #2: "Cold Read" (reading assessment)

FYI's.

- Our trip to Pawtuckaway will be Tuesday, June 6th. Be sure to bring a lunch, bug spray and water!
- We'll be walking to the public library on Thursday, June 8th to listen to a presentation about the summer reading program. Be sure to wear comfortable walking shoes!
- A final plea for sanitizing wipes as we will be doing quite a bit of cleaning this week and next. Anything you can contribute would be greatly appreciated.
